Prosthodontic Potpourri: Rapid-fire Answers to Clinically Relevant Questions

The purpose of this dynamic lecture is to answer clinically relevant questions in a short, fast paced format. Dentists are constantly being challenged to keep up with emerging techniques and novel materials. Questions often arise regarding these techniques and materials. The aim of this presentation is to answer these questions in a practical and pragmatic format. Topics to be covered will range from conventional to implant based restorations, and simple to complex rehabilitations. The audience will be provided tips and insights to take into their everyday practice.
