CPR Training Session

BLS Renewal is a fast-paced course designed for experienced healthcare providers who are routinely called on to apply their resuscitation skills. Delivered entirely in the classroom, it covers single-rescuer and multi-rescuer basic life support skills for prehospital and in-facility environments, focusing on high-quality CPR and team dynamics.

Gary Paige R.D.A, CPR Instructor , Dip HRManagement

Has worked in a dental environment and has been a CPR Instructor for over 30 years.
